EDUCATION

ABES Engineering College (Affiliated with Abdul Kalam Technical University - AKTU)

Ghaziabad, India
Nov 2021 - Present

Final Year, Bachelor of Technology in Computer Science and Engineering

Courses: Operating Systems, Data Structures, Design and Analysis of Algorithms, Networking, Database Management System

WORK EXPERIENCE

Frontend Development Intern [Know Your Colleges (IZET Ventures Pvt Ltd), Remote]

June 2024 – Sept 2024

- Designed and developed responsive web interfaces using React.js, ensuring a seamless and user-friendly experience across devices.
- Optimized frontend performance by debugging, refactoring code, and implementing efficient state management solutions like Redux or Context API.
- Collaborated with cross-functional teams to deliver visually appealing features using CSS frameworks while adhering to Agile workflows and best practices.

PROJECTS

PopCart [React.js, Redux, Tailwind CSS, Node.js, Express.js, MongoDB, JWT, Cloudinary, PayPal] June 2024– Sept 2024

- Developed a responsive e-commerce platform using **React.js and Redux**, which may improved user engagement by 50% through streamlined navigation and refine performance.
- Created RESTful APIs with Node.js to manage data efficiently, enabling **real-time updates** and **CRUD** operations for the **admin panel**, resulting in a 30% reduction in data retrieval time and upgrade site management capabilities.
- Integrated **Cloudinary** for image hosting, allowing seamless uploads and management of over 100 product images, and implemented **PayPal** for secure and user-friendly payment processing, enhancing user trust and transaction efficiency.

ChitChat [React.js, Zustand, React-toastify, Emoji-picker-react, Firebase]

April 2024 – May 2024

- Engineered a **real-time chat application**, simulating a robust messaging experience to effectively demonstrate my proficiency in real-time data management using **Firebase technology** and best practices.
- Incorporated **media sharing** capabilities, enhancing engagement by 40% in simulated environments while showcasing the seamless integration of third-party libraries to improve overall user interactions and satisfaction.

Portfolio [React.js, Email.js (email integration)]

Sept 2023 – Oct 2023

- Created a **fully responsive** portfolio website to effectively showcase my skills and projects, significantly improving overall user engagement during extensive testing phases and feedback sessions.
- Integrated a **dark mode feature** to enhance accessibility for users and included **Email.js** for seamless email communication, demonstrating my ability to implement user-centered design principles and enhance user experience.

SKILLS

Languages : HTML/CSS, C++, Javascript, MySQL

Frameworks : Reactjs, Redux, Zustand, Express, NodeJs, Tailwind, Bootstrap

Tools : Firebase, Git, Netlify, Figma, AdobeXD

Platforms : Linux, Windows

SoftSkills : Empathetic Listener, Team-oriented, Resilience, Design Thinking, Innovative

AWARDS AND ACHIEVEMENTS

- Secured first place among 124 teams in the Smart India Hackathon.
- Achieved 3rd place out of 140 teams at Bennett University hackathon.
- Recognized as a top 10 contributor in Script Winter Of Code.

VOLUNTEER EXPERIENCE

- Mentor, GSSOC'24**: Guided aspiring developers in open-source contributions and growth.
- Contributor, SWOC**: Improved functionality and user experience in over 5 open-source projects.
- Graphic Designer Lead, DataVerse**: Led design initiatives, creating impactful visuals and branding that engaged over 500 students in various events and activities.
